STOCKS, BONDS, AND MONEY SAVED FOUR TIMES MAGILLS EXPECTED

SOUTHERN RAILWAY WAS WEAK TODAY

Erie, Penn. R. R., and B. & O. All Were Heavy as a Group.

NEW YORK, July 26 .- The stock market opened irregular and with a some-what indifferent tone. Southern Pacific and Union Pacific sold off fractionally. Sales took place on the rest of the list on the theory that all issues would be affected by profit taking in the Harriman stocks. United States Steel common opened exceptionally strong. 11 a, m.-There was a general broaden-

ing of the market this morning, and commission houses express themselves as well satisfied with their business yesterday, and so far today. The West continued buying stocks on a large scale. A feature of the trading was the persistent selling of Southern Pacific, and the belief prevailed that aggressive bull operations had been transferred from the Harriman stocks to other issues that have not yet made material gains. Brooklyn Rapid Transit and

gains. Brooklyn Papid Transit and Steel common were decidedly strong.

The most important business interests in Brooklyn Rapid Transit tell their friends that the stock will soon go on a dividend basis. London bought 5,000 Steel common in the first few minuses and there was some heavy local buying that helped put the price up to 37%. Reading was also a strong feature and rose 1% to 107% in the early trading. Government bonds unchanged; railroad and other bonds were dull.

Noon—The disquieting leature of the market in the forenoon was the weakness in Southern Railway, preferred, which fell 3 points to 62% on moderate sales. New York Central was under renewed pressure after the first hour. Erie continued heavy, and Fennsylvania and Baltimore and Ohlo, all working as a trunk line group, were heavy enough to attract attention.

FINANCIAL GOSSIP.

"The probabilities are that the direct ters of the Southern Pacific, at their meeting next Thursday, will do no more than put Southern Pacific common or a 6 per cent per annum basis," said E. H. Harriman. "At any rate, it will not exceed that rate.

of the Southern Pacific should receive 6 per cent, and this undoubtedly will be the rate fixed at the meeting then."

The banks of New York have gained \$3,370,000 from the United States subtreasury since Friday, as against \$3,-881,000 in the same time last week. Gold to the amount of \$500,000 has been transferred from San Francisco to New York this week, representing new metal from the Klondike.

The directors of the Pressed Steel Car Company have declared the regular quarterly dividend of 1% per cent on the preferred stock, payable August 28. No action was taken toward resuming dividends on the common stock.

Union Pacific directors took no action on the dividend. The question will be-taken up next Thursday, at the same time as Southern Pacific.

Kansas is full of surprises. It was not so long ago that its wheat crop was estimated at 52,000,000 bushels. Now it is put at 71,000,000 bushels, with prospects ahead.

Atchison, to all appearances, earned 16 per cent on its common stock in the last fiscal year. Yet the stock is selling below par. This is regarded as one of the curlosities of the season in the market.

A concrete wall has been constructed as an underpinning to the house adjoining the Curtis building on the west A granolithic driveway will be made between the Curtis and Hyde buildings extending back to the boiler room. A broad walk will be laid in front of the Hyde building, brunching to both sider and leading to the entrance for boys and girls, respectively.

The office of the supervising principal Prof. B. T. Janney, which for several years has been located in the private building at 3222 O street, owned by David J. Cotter, has been moved to the Curtis building, occupying the room on the first floor that for so many years was the home of Linthicum Institute. The removal was made the first of the month, when the lease on the Cotter building expired.

The interior of the Curtis and Addison buildings will receive some needed repairs dluring vacation time, as will also a number of other public school buildings in this section. The improvements will be hastened through so that everything will be completed by the time the school year opens.

Charles A. Denison, a white man, fifty-five years of age, living at Vienna, Va., while loading hay at his farm, suffered a broken leg. The team ran away, throwing him to the ground, which resulted in the fracture. He was brought to the city on a car, and removed to the Georgetown University Hospital in the Seventh precinct patrol wagon.

 BIG DROP IN PRICES OF PRINTERS' METALS

NEW YORK, July 26.—Manufacturers of linotype metal have reduced their prices to figures more commensurate with the cost of raw materials. From a level of 9% cents two months ago linotype metal has been lowered to 8% cents a pound, a decrease of 1½ cents a pound.

10, and will proceed to Oyster Bay, reaching this city August 12. After a week's stay here, it is expected that he will leave for his eWstern trip.

ORBY BEATEN TODAY.

LIVERPOOL, July 25.—Orby, Richard Croker's Epsom derby winner, was badly beaten today in the race for the Atlantic stakes of 2,000 guineas. The great Irish horse was last of four starters.

Linacre won.

IN PACIFIC WRECK AT CLINTON TODAY

MARKET TODAY Young Man With Seemingly Alleged Murderers May Have to Spend Three Months in Jail.

> CLINTON, Ill., July 26 .- It became apparent today that Fred Magill and his wife, Fay Graham Magill, will have to spend three months in the DeWitt counturous career of Frank C. Hager, son ty jail awaiting trial on a charge of of George A. Hager, a millionaire real killing Magill's first wife, should the evidence provided by State's Attorney The youth is now in Portland, a sur- Miller at Monday's hearing be sufficient to warrant an indictment by the special

Hearing that a special grand jury had been summoned, Col. R. A. Lemon, the Hager, who is only twenty-five, seems | Magills' counsel, sought Judge Cochran, to have been the shuttlecock of fate from the time he was a child. He lost his mother in the Johnstown flood of his clients may be tried immediately, should they be held. The defense is jubilant that the Magill letters are not in He himself with his brother were

He himself with his brother were snatched from the raging waters and carried by neighbors to the hills. Four years ago Hager was caved from asphyxiation, and at that time hovered between life and death for seventy-one hours. While Hager was unconscious a greater portion of the time and can give only a disconnected account of his experiences, he was literally saved from death four times the night the Columbia sank. He said:

He said:

"I know my right arm is fractured, but how it happened I do not know. Both my legs and feet are bruised and swathed in bandages. How I received those injuries is equally a mystery. I felt the chill of teeming waters, living ages and ages, and remember nothing distinctly until I found myself in a bunk on the San Pedro, with pains and aches shooting through me, one arm useless and my legs numb." Open Letter to President Hints That Flare Back Was Due to Poor

Quality.

Pointing out that last March the Govrnment was informed that the Powder trust was delivering to it smokeless powder inferior to the samples sub-mitted, but blended in with standard grains, Robert S. Waddell, of the Buck Capt. R. F. Nicholson, of the Bureau eye Powder Company, of Proria, Ill. of Navigation, leaves Wednesday for has asked the President in an open let Seattle, to take command of the battle-snip Nebraska, recently commissioned. ter, whether the flare-back, responsible for the fatal accident on the battleship Lieut. J. Halligan, the submarine boat expert of the Bureau of Ordnance, will Georgia, did not indicate that a part of the fradulent powder was used on that eave next week for active duty on the

"The men who perished may be The assigning of Lieutenant Halligan charged with over-zeal, to eclipse the record for rapid firing, and they may be the Redrasa, which his services are acceded at the Ordnance Bureau, shows the dearth of officers in the navy. Many of the boats lack their complement, and this situation to a degree is being relieved by assigning officers on shore duty to the different vessels.

Tecord for rapid firing, and they may have been the victims of other causes which were only aggravated by their vessels.

"Were samples of the powder retained for examination and test? Pos-

zealo. , says Waddell.

"Were samples of the powder re-tained for examination and test? Pos-sibly some of it might disclose the same characteristics as the fatal shot that was fired." characteristics as the fatal shot that was fired."
Waddell points out that prior to the Spanish war the navy used black powder in active target practice, used it under stress of vigorous fighting at Manila and Santlago, delivering the maximum number of shots within the quickest time limit of rapid fire, without disastrous explosions in turrets or magazines.

HELD TO GRAND JURY 'The finder of this note will please notify my family at 2138 Ward place that I have committed suicide in the Potomac river. Tell them not to worry

On the charge of running a "policy game," William Barnes, colored, was A special policeman in the west Potomac Park found the above note in a bottle, which was floating in the river about 11 o'clock this morning. The note was turned over to the police of the fourth precinct.

The police learned this afternoon that Mr. Lewis was at his home, and no explanation was given as to how the note came to be in the bottle.

The police learned this afternoon that Mr. Lewis was at his home, and no explanation was given as to how the note came to be in the bottle.

The police doubt by Judge Mills, in the Police Court this morning, and was held for the action of the grand jury on a \$500 bond.

William, through his attorney, Mr. Truitt, declared that he was a good, law abiding citizen, and had never seen either of the prosecuting witnesses before. nac Park found the above note in a found to be guilty beyond a reasonable

commissioner, is the directing official of the District government today in the absence of the three Commissioners, whose away on business. Ralph Whitman and Carl A. Bostron of this city, are among the six candi dates who passed the examination for assistant civil engineer in the navy The other successful candidates are Glen S. Burrell, of Ohio; Ralph M. War-field, New York Navy Yard; William C. Furer, of Key West naval station, and Carol Paul, of New York.

ELECTRIC STORM INJURES AUGUSTA

AUGUSTA, Ga., July 26 .- During on ADGUSTA, Ga., July 26.—During one of the worst tropical storms ever known in this part of the South, lightning struck a water pipe in the Augusta Cotton Factory and set fire to cotton in the card room. It was followed immediately by another bolt, which set the automatic sprinkling system going in all parts of the factory, extinguishing the fire. But the water was not shut off, and the damage to finished goods and machinery will be very heavy.
